

PACE Approved Courses with KMC University

KMC University is a recognized PACE Provider by the PACE program of the Federation of Chiropractic Licensing Boards. PACE recognizes continuing education courses that promote quality chiropractic continuing education programs, provide reliable and scientifically sound educational updates, help chiropractors remain current on licensing and new, effective clinical protocols, and help practitioners avoid isolation through peer-related educational activities. If you are receiving hours for a PACE approved state, KMC University will submit your information you provided upon registration along with the hours you attended the meeting and payment for your credits directly to the FCLB.

States listed below accept PACE. *If your state is not listed, please check with your board directly.

***If your state is not listed, KMC University can provide you with an hour-by-hour outline, and course completion certificate for possible CE credit. For states, such as Colorado, that allow the doctor some discretion without formal approval from the board to determine whether the event is CE worthy, the content of this event should qualify. It is, however, at the discretion of your board if they will accept this synchronous, online training toward your DC Continuing Education Credits.**

Alaska	Maryland	New York	Tennessee
Connecticut	Massachusetts	North Dakota	Utah
District of Columbia	Michigan	Ohio	Vermont
Idaho	Minnesota	Oregon	Virginia
Indiana	Montana	Puerto Rico	Washington
Iowa	Nebraska	Rhode Island	Wyoming
Kansas	New Hampshire	South Carolina	
Maine	New Jersey	South Dakota	

*If your state is not listed, KMC University can provide you with an hour-by-hour outline, and course completion certificate for you to discuss with your board for possible CE credit.

For states, such as Colorado, that allow the doctor some discretion without formal approval from the board to determine whether the event is CE worthy, the content of this event should qualify. It is, however, at the discretion of your board if they will accept synchronous, online training toward your DC Continuing Education Credits.

NOTE: Some boards restrict the number of online hours. Those requirements are posted here:

<https://pacex.fclb.org/pages/BoardRequirements.php> (There are states on this list that require to be applied for via the state directly).

All DC participants regardless of their states PACE status will receive a certificate of completion of the course the week after the event along with an hour-by-hour outline of the course. This will be for your records. If your state is **not** PACE approved, you will need to work with your board depending on the rules in your state to get this approved.
